#### Request Summary (Agenda Caption):

Request for approval of a renewal option with Aftermath Disaster Recovery, Inc. (Primary) and DRC Emergency Services, LLC (Secondary) for emergency response for storm debris removal and disposal services for the Flood Control District for the period of October 27, 2021 - October 26, 2022 at a cost of \$7,198,369 (200236).

#### Background and Discussion:

This is a pre-positioned, emergency response and disaster recovery contract to be used for natural or man-made debris generating events occurring on Flood Control rights-of-ways. These services will be activated only in the event of a State or Federally declared disaster and will be utilized to remove debris from channels, basins and other Flood Control facilities.

#### Expected Impact:

A pre-awarded contract for disaster debris removal will allow the County to respond quickly after an event to restore stormwater channel conveyance, remove obstructions, protect personal property from future events and help the County be more resilient after a flood event.

#### Alternative Options:

Wait until after a disaster to award a contract or do not award a contract and make plans to do all of the debris removal work using in-house forces.

Presented to Commissioners Court

October 26 2021

#### Alignment with Goal(s):

Approve: G/R
