VENDOR CERTIFICATION OF ELIGIBILITY TO PARTICIPATE IN FEDERAL AND STATE HEALTH CARE PROGRAMS

Background

The Harris County Hospital District d/b/a Harris Health System (“Harris Health”) participates in Federal and State health care programs. As conditions of participation, neither Harris Health nor its vendors may be excluded from participation in any Federal or State health care program, and both Harris Health and its vendors must comply with all rules and regulations regarding the programs.

Harris Health screens all vendors upon engagement, and at least annually thereafter, against the General Services Administration’s List of Parties Excluded from Federal Programs and the HHS/OIG List of Excluded Individuals/Entities (“LEIE/EPLS”) (collectively referred to as “exclusion lists”) to ensure that they are not listed on the exclusion lists. In addition, all vendors must disclose to Harris Health’s Corporate Compliance Office whether they or any of their owners, officers, directors, employees, or principals (collectively, “Principals”) are listed on the exclusion lists.

The contact information for Harris Health’s Corporate Compliance Office is:

Harris Health System
Corporate Compliance Office
P.O. Box 300033
Houston, Texas 77230-0033
(713) 566-6461 (Phone)

Harris Health has a disclosure policy that emphasizes a no-retribution, no-retaliation policy and includes a reporting mechanism for anonymous communications for which confidentiality is maintained. Harris Health has also arranged for a hotline service with an outside agency. The hotline’s phone number is 1-800-500-0333.

Certification

I hereby certify that neither the vendor who is listed below, nor any of its Principals, is on the exclusion lists. I further certify that the vendor will report immediately to Harris Health’s Corporate Compliance Office if either the vendor or any of its Principals becomes placed on the exclusion lists at any time in the future while the vendor is associated with Harris Health. I understand that if the vendor is now or subsequently become placed on the exclusion lists, Harris Health will terminate its contract(s) with vendor. I further understand that if the vendor fails to immediately terminate any of its Principals who become placed on the exclusion lists, Harris Health will terminate its contract(s) with vendor.

I further certify that the vendor understands that its Principals are expected to disclose or report to Harris Health’s Corporate Compliance Office, or other appropriate Harris Health designated individual, any suspected violation of any Federal or State health care program requirement or of Harris Health’s own policies and procedures.

TECHNICIAN LIST

Vendor shall provide a list of technicians to be assigned to Harris County and available to work at multiple sites and days. List must include name, title, qualifications, years of experience and services provided. Technicians listed must be employed by the vendor on a full time basis. Please provide copies of Systimax registered certificates that apply.

The questionnaire requests information about the vendor which will be utilized in the evaluation process. All vendors must complete the questionnaire and answer all questions. Answers should be as thorough and definitive as possible and include all pertinent data. The completed questionnaire should be included with the response. Failure to do so may result in disqualification. Respond to each of the following with "yes" or "no" responses if applicable. Supplemental materials, additional pages, or requested lists providing additional information may be attached to further clarify answers. All documents should be submitted on 8 1/2" x 11" page size. Failure to fully and truthfully disclose the information required may result in disqualification of vendor's response from consideration or termination of the resulting contract. (LITIGATION/COMPLAINTS DISCLOSURE - If "Yes," provide the name of the person(s), the nature, and the status and/or outcome of the information, indictment, conviction, termination, claim or litigation on a separate page attached to vendor's response.)

19	Has vendor or any senior level executive to be assigned to this project been terminated (for cause or otherwise) from any work being performed for the County or any other federal, state or local government, or private entity?	No		
20	Has vendor or any senior level executive to be assigned to this project been involved in any claim or litigation with the County or any other federal, state or local government, or private entity during the last ten (10) years?	No		
21	Describe any litigation against vendor's company in the past five (5) years including any settled or dismissed matters. Is vendor's company under investigation or subject to any regulatory action by either a state or federal agency? If yes, explain.	NA		
22	Has vendor had any complaints filed with the Better Business Bureau (BBB) for failure to perform in accordance with agreements?	No		
23	Is vendor's company currently involved in any active/pending civil matters? If yes, explain.	No		
	OTHER			
24	Are you a certified Systimax Prestige Partner in good standing with Systimax?	Yes		
25	Provide contact information including name, phone number and email address for standard repair/work requests. Include an after hours phone number for emergency requests if different.	Robert De Leon 281-773-9762 rdeleon@nsc-tx.com, After hours #: 281-484-1777		
26	Provide contact information including name, phone number and email address for billing inquiries.	Leigh Ann Kennedy 281-484-1777 lkennedy@nsc-tx.com		
27	Provide contact information including name, phone number and email address for contract related inquiries.	Ryan King 281-900-8589 rrank@nsc-tx.com, Greg Brittain 281-731-7972 gbrittain@nsc-tx.com		
28	The vendor shall have a minimum of ten (10) years of experience in telecommunications with Systimax certifications. Experience with other clients or government entities of similar size to Harris County is preferable. Do you meet this requirement? How many years of experience does your company have?	Yes, more than 30 years experience in the Telecommunication Industry		
29	What are your standard response times from notification of job to arrival on site for:	8-5, response time from PO is 3-days		
	Normal work hours	5:01pm to 7:59am-response time from PO is 3-days		
	After Hours			

Submited By:
Network Cabling Services, Inc. 9-16-19

Description	Yes	No	Response/Comments
Weekends			5:01pm Friday to 7:59am Monday- response time from PO is 5-days
Holidays			See attached NCS Observed Holidays List- response time from PO is 5-days
Emergencies			Emergencies are handled on a case-by case basis; however, NCS has can handle emergencies 24/7
30 The vendor shall be local to Houston, TX or have local technicians/staff in order to provide service and support for Harris County. Do you meet this requirement?			Yes
31 Provide the number of local resources available to service this contract and list the number of Systemax certified technicians and cable technicians within Houston and surrounding counties.			See attached Lists
32 Harris County wishes to utilize any advanced electronic communications vendors may have to enhance its efficiency in acquiring service, monitoring status, progress of jobs, invoicing, and the availability of parts and services. Provide any information where your company can assist the County.			NCS offers a cloud based ticketing system called Phaseware where services can be requested through a privet customer portal. Upon a request being entered, a ticket is issued to the administrator managing the account to dispatch a technician or an estimator if a quote is necessary. All tickets are independently tracked and status can be checked at any time through the portal.
33 Harris County may have work at multiple locations at any given time and the vendor must demonstrate their ability to handle this situation. Technicians may be requested to report for work at Harris County by 8:00 AM the following morning with only an 8-hour notice. Please indicate the time necessary to respond after receiving a request from Harris County and how many technicians would be available.			Harris County will have a main point of contact that will be available 24/7 and will be able to dispatch technicians at any time during business hours, pending other on-going work for Harris County. We normally have at least 6-8 technicians onsite at any given time. If after hours/emergency, see question above.
34 The vendor must have technicians who have successfully completed a Systemax structured cabling system installation course. Do you meet this requirement?	Yes		
35 All vendor personnel are required to have valid identification and be certified by the manufacturer as able to perform the services. Do you meet this requirement?	Yes		
36 Describe warranty and repair procedures including processes, time tables and costs associated with receiving service under the warranty.			All installations will meet or exceed BICSI standards, NEC, Federal, State and local codes. NCS has a service technician on call 24/7 to handle emergency repairs. To initiate a repair or service ticket, simply email our service department at service@ncc-tx.com or call our Service Manager at 281-484-1777 and provide a brief summary of the service needed. A technician will be dispatched within 24-hours to inspect the concern and identify the cause of the problem. If it is a warranty issue not caused by excessive or extraordinary damage due to wear and tear or unforeseen catastrophe, Network Cabling Services will repair or replace the product to rectify the issue to full function at no charge to the customer.
37 Explain cost of emergency replacement parts (shipping) and time periods involved. Include cost of expediting shipments.			The cost of all of our cabling parts for HC are the same regardless of how quick they are needed. The only additional cost would come from expedited shipping. This cost varies based on the weight and timeline. Example, if HC needs a jack replaced, NCS will likely have that in stock; therefore, that part would have no additional charges. However, if they need a server cabinet replaced on short notice, you could expect anywhere from \$500 for expedited shipping to \$1000+ for overnight shipping. All of this is very unlikely as the cabling parts NCS installs for HC are very common and in stock 95% of time.
38 Harris County requires a dedicated project manager for county projects. Can your company provide a dedicated project manager at no additional cost?	Yes		
39 A scissor lift or bucket truck may be required for some projects. Please explain your pricing structure for such instances.			Company Vehicle (Truck/Van) \$50.00 per day, NCS Bucket Truck \$250.00 per day, Daily High Lift Fee (40' JLG Lift) \$190.00 per rental
40 Following award, the vendor shall provide an escalation process including names, titles and telephone numbers, in order to be called. Can your company meet this requirement?	Yes		
41 Does your company own its own Fluke Testing Equipment (e.g. DSX500 and DSX800)? If "Yes", please list how many of each.			Yes, NCS owns (20) DSX5000
42 At any given time, can your company supply more than four (4) Systemax certified technicians with at least two (2) years of experience?	Yes		

Description	Yes	No	Response/Comments
43 Does your company have a quality control inspector to check every job before it is turned over to Harris County?	Yes		
44 Did your company provide any hurricane disaster relief efforts for Hurricane Harvey? Provide examples and references.			
45 Explain how your company can support Harris County in the event of disaster and/or disaster recovery planning. A high degree of consideration will be given to this response.			<p>NCS has experience responding to damaged fiber/copper in an emergency situation for a wide variety of clients. Often we have men onsite ascertaining the damage within hours of notification. Our Project Managers and Key Technicians that have been involved in previous emergency response work know the nature of the urgency and work involved. Once they receive the call it's a "live" collaboration between field and office to make certain the emergency is resolved. We take emergency call out needs very seriously and we go above and beyond to work continuously until the repair is complete, making the emergency our "first" priority company wide. If awarded this contract; NCS will meet with Harris County to develop a Hurricane Preparedness Plan that is specific to the protection of Network Cabling and AV related items listed in this RFP to include the development of a Protection Check-List, On-site Support Plans and Communication Contact Strategy.</p>

QUESTIONNAIRE WILL NOT BE CONSIDERED WITHOUT NOTARY SECTION COMPLETED AND RETURNED.

State of: Texas

County of: Harris

(Name)

Mark Veltri

being duly sworn, deposes and says that he is COO of

(Title)

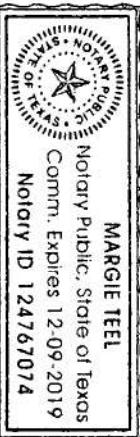

Network Cabling Services (answers to the foregoing questions on the attached forms and all statements therein are true and correct; that the experience record and the schedule of services are made a part of this affidavit as though written in full herein, and all statements and questions given in the above-mentioned experience record and schedule of services are true and correct.)

Signed: Mark Veltri

Sworn to before me this 16th day of September, D. 20 19

NOTARY PUBLIC

Margie Teel

My commission expires:

12-09-2019

Company Information

- Legal Name: Network Cabling Services, Inc.
- Texas "S" Corporation, Incorporated in 2001 (originally founded in 1981)
- Company Officers:
President- Lori R. Veltri
Chairman- Robert M. Apgar
Chief Operating Officer- Mark Veltri
Vice President- Steven E. Casey
Vice President- Greg Brittain
Vice President- Jeff Jandron
- Corporate Office: 12626 Fuqua Street
Houston, TX 77034
Phone: 281-484-1777
Fax: 281-484-1776
Toll Free: 1-800-876-2524
- Texas Offices: Houston, IAH Airport, Corpus, Harlingen, Galveston, Dallas
- NCS Observed Holiday are as follows:
 - New Year's Day
 - Memorial Day
 - Independence Day
 - Labor Day
 - Thanksgiving Day
 - Day after Thanksgiving Day
 - Christmas Eve
 - Christmas Day

Structured Cabling, Audio/Visual Installations and Related Items for Harris County and the Harris County Hospital District dba Harris Health System

INSTRUCTIONS

Vendor must provide the unit price for all items specified below. Quantities are estimated. Harris County may require more or less. In case of discrepancy between unit and total pricing, unit pricing governs. Harris County reserves the right to award by item, group, overall, or otherwise, as best serves the County's interest. Pricing must be all-inclusive. Harris County will not allow for any other rates or charges.

Complete and return all pages of the Bid Pricing Sheet(s) with the bid, and insert each sheet under this section. Do not leave pricing blank or at zero. If not bidding a particular item, insert "No Bid" in the "Total Price" column.

TO BE DETERMINED

Items with TTD (To Be Determined) quantities require unit pricing for as yet unscheduled products or services, which may or may not be required. Expenditures for TTD items cannot be extended; therefore, will not be considered in determining the lowest total bid. However, TTD pricing will be considered in determining the best bid. Contracts are awarded to the responsible bidder submitted the lowest and best bid.

INSTRUCTIONS

Vendor must provide the catalog name, catalog year and a discount (-) or premium (+) percentage to MSLP for each manufacturer specified below.

Complete and return all pages of the Bid Pricing Sheet(s) with the bid, and insert each sheet under this section. Do not leave items blank. If not bidding a particular catalog, type "No Bid" under the "Discount (-) or Premium (+)" to MSLP" column.

***TO BE DETERMINED**

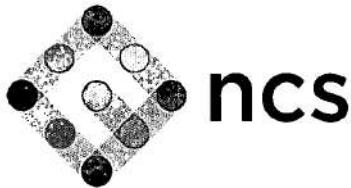

Items with TBD (To Be Determined) quantities require a percentage discount (-) or premium (+) to MSLP for as yet unscheduled products or services, which may or may not be required. Expenditures for TBD items cannot be extended; therefore, will not be considered in determining the lowest totaled bid. However, TBD pricing will be considered in determining the best bid. Contracts are awarded to the responsible bidder submitted the lowest and best bid.

# SYSTIMAX® SOLUTIONS

## SYSTIMAX Structured Connectivity Solutions 20-Year Extended Product Warranty and Application Assurance

SYSTIMAX Solutions™<sup>1</sup> proudly offers the following limited 20-Year Extended Product Warranty and Application Assurance. This warranty applies exclusively to SYSTIMAX Structured Connectivity Solutions that are comprised only of SYSTIMAX Solutions certified end-to-end channel of products purchased from and installed by an authorized SYSTIMAX BusinessPartner<sup>2</sup>, used at the original site of installation, and registered with SYSTIMAX Solutions as evidenced by a numbered registration certificate issued by SYSTIMAX Solutions (such registered SYSTIMAX Structured Connectivity Solutions are hereinafter referred to as "Registered SYSTIMAX SCS"). SYSTIMAX Solutions offers to the customer of Registered SYSTIMAX SCS the following 20-Year Extended Product Warranty and Application Assurance.

### What Is Covered?

#### The Extended Product Warranty:

The Extended Product Warranty covers all passive Registered SYSTIMAX SCS components (i.e., cable and connectivity components that make up the passive data and telecommunications signal transmission infrastructure). Passive Components are defined as SYSTIMAX SCS components that exhibit no gain or contribute no energy. SYSTIMAX Solutions warrants, from the original installation completion date, provided a registration certificate is issued by SYSTIMAX Solutions to the customer, the following:

1. that the Passive Components of Registered SYSTIMAX SCS will be free from manufacturing defects in material and workmanship under normal and proper use;
2. that all SYSTIMAX Solutions Passive Components in the Registered SYSTIMAX SCS meet or exceed the relevant component specification of the TIA 568-B series and ISO/IEC 11801: 2002 standards;
3. that the Registered SYSTIMAX SCS compliant PowerSUM™, GigaSPEED® XL7, GigaSPEED® XL8, OptiSPEED®, LazrSPEED®, and/or TeraSPEED™ links/channels will meet or exceed the applicable requirements of the TIA 568-B series, and ISO/IEC 11801: 2002 standards for cabling links/channel configurations specified in these standards;
4. that the Registered SYSTIMAX SCS compliant PowerSUM, GigaSPEED XL7, or GigaSPEED XL8 channels will additionally meet or exceed the Guaranteed Channel Performance in the SYSTIMAX SCS Performance Specifications Addendum in effect at the time of installation.

#### The Application Assurance:

The Application Assurance covers the Registered SYSTIMAX SCS compliant PowerSUM, GigaSPEED XL7, GigaSPEED XL8, OptiSPEED, LazrSPEED, and/or TeraSPEED to support operations of the application(s) that the system was designed to support, as well as additional application(s) defined below. SYSTIMAX Solutions warrants that the Registered SYSTIMAX SCS will be free from defects that prevent operation of the specific application(s) for which the Registered SYSTIMAX SCS was initially designed as long as the design is in compliance with the SYSTIMAX SCS Performance Specifications for said applications and is in compliance with all other terms and conditions of this warranty.

The Application Assurance also covers the following additional applications:

1. those as specified in the current (at the time of installation) SYSTIMAX SCS Performance Specifications and Addendums; and
2. in accordance with application standards specifications, any application introduced in the future by recognized standards or user forums that use the relevant TIA/EIA 568-B series or ISO/IEC 11801: 2nd edition (September 2002) components and link/channel specifications for cabling, to the extent that such applications are defined to operate over the guaranteed channel performance and/or the installed channel topologies.

#### For How Long?

For twenty years from the date of issuance of the registration certificate or installation, whichever is earlier. Moves, additions, or changes are covered by the original registration certificate if performed by a SYSTIMAX BusinessPartner in compliance with the SYSTIMAX SCS design, installation and registration requirements. Administration of SYSTIMAX SCS cords by the end user is covered by the original registration certificate if performed in compliance with SYSTIMAX SCS guidelines.

### What SYSTIMAX Solutions Will Do

Under the Extended Product Warranty, SYSTIMAX Solutions will (or will authorize a SYSTIMAX BusinessPartner to) either repair or replace the defective Registered SYSTIMAX SCS product at SYSTIMAX Solutions's cost. SYSTIMAX Solutions will pay a SYSTIMAX BusinessPartner for the cost of labor to repair or replace any such defective product on behalf of SYSTIMAX Solutions, provided, that such repair or replacement and associated labor costs receive the prior written approval of SYSTIMAX Solutions. If SYSTIMAX Solutions chooses to repair products, SYSTIMAX Solutions may use new or reconditioned replacement parts. If SYSTIMAX Solutions chooses to replace products, SYSTIMAX Solutions may replace such products with new or reconditioned products of the same or similar design. Any such repair or replacement will be warranted for either (a) 90 days or (b) the remainder of the original twenty-year warranty period, whichever is longer.

Under the Application Assurance, after the end customer has investigated all potential causes of an application failure that are not SYSTIMAX SCS related and has determined that none of these potential causes was responsible for the application failure, the end customer must then notify the original installer (a SYSTIMAX BusinessPartner) for action. If the SYSTIMAX BusinessPartner is unable to resolve any SYSTIMAX Solutions failure that caused an application failure, then the SYSTIMAX BusinessPartner will notify SYSTIMAX Solutions for investigation and resolution.

### Who Is Covered?

This warranty is for the sole benefit of the person or entity to whom the SYSTIMAX Solutions's registration certificate is issued and any successor in interest to the site in which such Registered SYSTIMAX SCS was originally installed.

### Disclaimer; Limitations; Exclusive Remedies

THIS IS THE ONLY WARRANTY ON REGISTERED SYSTIMAX SCS AND IT SETS FORTH ALL OF SYSTIMAX SOLUTIONS'S RESPONSIBILITIES REGARDING REGISTERED SYSTIMAX SCS. EXCEPT AS SPECIFICALLY SET FORTH HEREIN, SYSTIMAX SOLUTIONS AND ITS AFFILIATES, SUPPLIERS, AND AUTHORIZED BUSINESSPARTNERS MAKE NO WARRANTIES, EXPRESS OR IMPLIED, AND SPECIFICALLY DISCLAIM ANY AND ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR OTHERWISE AND SPECIFICALLY EXCLUDES ALL WARRANTIES, CONDITIONS, REPRESENTATIONS, STATEMENTS, TERMS, AND PROVISIONS, EXPRESS OR IMPLIED BY STATUTE, COMMON LAW OR OTHERWISE, TO THE GREATEST EXTENT PERMITTED BY LAW. SYSTIMAX SOLUTIONS WILL NOT PAY FOR LOSS OF TIME, INCONVENIENCE, LOSS OF USE OF THE SYSTIMAX SOLUTIONS PRODUCT, OR PROPERTY DAMAGE CAUSED BY THE SYSTIMAX SOLUTIONS PRODUCT OR ITS FAILURE TO WORK, AND IN NO EVENT SHALL SYSTIMAX SOLUTIONS BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, INCLUDING DAMAGES OR COSTS INCURRED AS A RESULT OF LOSS OF TIME, LOSS OF SAVINGS, LOSS OF DATA, OR LOSS OF PROFITS. REPAIR OR REPLACEMENT OF THE SYSTIMAX SOLUTIONS PRODUCT BY A SYSTIMAX BUSINESSPARTNER OR SYSTIMAX SOLUTIONS IS YOUR EXCLUSIVE REMEDY.

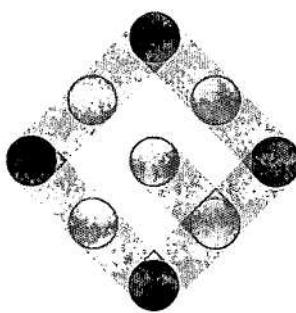

### What This Warranty Does Not Cover

The warranty does not cover any defects in the design, installation of the cabling, or connectivity systems, which results from failure to comply with SYSTIMAX Solutions design guidelines and/or is caused by anything outside of the scope of SYSTIMAX Solutions's control. Except as explicitly provided otherwise in this warranty, SYSTIMAX Solutions shall not be responsible hereunder for either the de-installation, removal and/or disposal of defective products, or the installation of repaired or replacement products. Furthermore, in no event shall SYSTIMAX Solutions be responsible for the alteration, removal, replacement, repair, or relocation of SYSTIMAX SCS items not purchased from a SYSTIMAX BusinessPartner, nor any non-SYSTIMAX SCS items. This warranty does not cover defects resulting from (without limitation) any of the following events or causes: accidents, improper installation, mishandling, misuse, damage while in transit, unauthorized alteration, unauthorized repair, failure to follow instructions, misuse, fire, flood, acts of God, explosion, war or the engagement of hostilities, strike, embargo, labor dispute, government requirement, counterfeit, civil disturbances, acts of civil or military authority, acts of terrorism, or events outside SYSTIMAX Solutions's control. This warranty shall be automatically terminated and null and void upon alteration of or removal of the cabling system from the site of original installation.

This warranty gives you specific legal rights. To the fullest extent, this warranty shall be governed by the laws of the state of North Carolina, United States, without regard to the conflict of law rules thereof. The Parties hereto acknowledge that in order to receive the extended warranty, to the extent required by SYSTIMAX Solutions, any dispute must be governed by the laws of the state of North Carolina and the parties unconditionally submit to the jurisdiction of the North Carolina state and federal courts. If any portion of this warranty is not enforceable, due to local legal requirements, then such specific language shall be modified to meet local legal requirements consistent with SYSTIMAX Solutions's intent.

## RYAN THOMAS KING, RCDD, MBA

---

Career minded business professional with MBA, RCDD and over 20 years sales and management experience in the Communications Industry. I have exceptional people skills and enjoy building mutually beneficial quality relationships with my customers.

### **EXPERIENCE:**

#### **Sales Executive Network Cabling Services (2008 – Current)**

##### **Responsibilities-**

- Senior sales executive in charge of sales activities and personnel involved in Sales and Marketing for the Company.
- Provides leadership to the day-to-day operations of the sales department, while maintaining focus on the company's strategic goals.
- Analyze sales statistics to determine business growth potential.
- Establishes performance goals for all sales department employees, and monitors performance on a continual basis.
- Sells, designs, and coordinates with clients BICSI standards based Information Transport Systems.
- Participates with the Senior Staff, in the development of the Strategic Marketing Plan for the Company.
- Directs department(s) to achieve objectives established in the Company's Strategic Plan.
- Coordinates sales operations with all other departments /divisions of the Company.
- Develops and/or maintains and improves business relations with all customers of the Company.
- Seeks out and targets new customers and new sales opportunities, initiates action plan to approach and secure new business for the Company.
- Monitors A/R aging on a proactive basis with A/R personnel, coordinates with Credit Manager and Accounts Receivable Manager/Controller for cash flow improvement.

## RYAN THOMAS KING, RCDD, MBA

---

### New Business Division Development McBride Incorporated (2007-2008)

My primary responsibility was development of the voice and data division for McBride Electric in Houston, TX. I was charged with sales and management of projects and activities to support day to day voice and data cabling operations.

#### **Focus-**

- Present voice, data, and electrical technical information to General Contractors, Architects, and Consultants.
- Develop key project influencer outline to map out who is responsible for service and/or product specification.
- Built core strategic vision to focus new business development activities.
- Coordinate electrical sales team and data project management.
- Primary contact for all data center design-build opportunities.
- I built quality relationships within new and existing clients at all ranks from top "C" level executives to entry level maintenance personnel.
- Utilize presentation skills to sell electrical and network infrastructure products and services to high level management.
- Design and estimate voice, data, video, and security networks for manufacturing, healthcare, education, financial, and government clients.
- Provide product training and technology updates to continuously educate clients' on highly technical information and market trends.
- Other Applicable Skills: Management, marketing, operations, project management, estimating, interviewing and hiring, prospecting, and closing.

### Territory Manager Anixter Inc. NC (2000-2006) & TX (2006-2007)

I have a successful track record in the IT Low Voltage industry. I am detailed and persistent in my cold calling and account penetration strategy. I am highly motivated, results-driven, and self disciplined.

#### **Focus-**

- Selling \$10K to \$1million projects using consultative skills to match an appropriate product mix and design to the client's specific application and budget.
- Manage order fulfillment communication between sales and purchasing.
- Prioritize and inspect inside sale's staff work to ensure highest levels of service and quality are maintained.

## RYAN THOMAS KING, RCDD, MBA

- Other applicable skills: Meeting sales goals, motivation for sales, setting appointments, new business development, multi-tasking, territory management, presentation skills, building relationships, customer service, prospecting, selling, negotiation, and closing.

### **Broker**

**Accent Real Estate, Hendersonville, NC (1998-2000)**

- Developed and implemented administration procedures to manage and organize company operations.
- Marketed and sold residential real estate.
- Assisted with management of 140 rental properties.
- Assisted with all company advertising and marketing.
- Proficient with Microsoft office: excel, power-point, excel, and outlook.

### **EDUCATION:**

- MBA, Wingate University- Wingate, NC (2006) nationally accredited by Association of Collegiate Business Schools  
Focus: Communications, Marketing, Consumer Behavior, Business Law, Business Ethics, Accounting, Finance, Economics, Operations, Statistics and Strategy
- BBA, Texas State University- San Marcos, TX (1998) Major in Marketing

### **PROFESSIONAL CERTIFICATES AND LICENSES:**

- AFCOM Member (Association for Data Center Management)
- BICSI- RCDD (Registered Communication Distribution Designer)
- CommScope- LED Lighting Certified
- CommScope- Redwood Lighting Sales Engineering Certified
- CommScope- Redwood Lighting Solutions Certified
- CommScope- Wired for Wireless Certified
- North Carolina Real Estate Broker License
- Systimax- Design & Engineering Certified
- Systimax- Installation & Maintenance Certified
- Systimax- Sales Solution Certified

# Robert De Leon

## Résumé

---

### **Highlights of Qualifications**
